

Morarji Desai Girls Residential School, Kallabettu

Officially Recognized as a Zero-Waste Campus

A proud and defining milestone has been achieved at Morarji Desai Girls Residential School, Kallabettu, Moodubidire.

The school has been **officially awarded the status of Zero-Waste Campus by the Town Municipal Council (TMC), Moodubidire**, in the presence of all council members — a recognition that reflects months of structured implementation, discipline, and unwavering commitment to sustainable waste management.

This honour celebrates the school's continuous efforts in:

- Systematic waste dropping at source
- Composting of wet waste
- Responsible dry waste aggregation and sale
- Maintaining campus cleanliness through structured processes

The recognition is not just an award — it is validation that residential institutions can set benchmarks in sustainability when leadership and systems come together.

Leadership That Made the Difference

This achievement stands on the strong foundation built by committed leadership and coordinated teamwork.

Heartfelt congratulations to:

- **Shree. Sanganabasayya Hiremath** – Principal
- **Shree. Vivek Padiyar** – Drawing Teacher & Zero-Waste Campus Coordinator
- **Shree. Yallappa Kuri** – President, Parents Council
- **Shreemati Saritha** – Incharge Warden

Their dedication transformed Zero Waste from a concept into daily campus practice. Through consistent monitoring, student engagement, and system enforcement, the school has emerged as a **model Zero-Waste institution**.

Today, Morarji Desai Girls Residential School stands as a role model for all Morarji Desai Schools across Karnataka.

Leadership That Made the Difference

The recognition was made possible with the support of the Town Municipal Council, Moodubidire. Special appreciation to:

- Mr. Prasad, Ward Councillor (Ward 14)
- Ms. Indumathi, Chief Officer
- Ms. Shilpa, Environment Engineer

Their encouragement and official acknowledgement reinforce the importance of decentralized, scientific waste management within educational institutions.

A Step Towards a Sustainable Karnataka

This award marks more than institutional success — it represents a larger movement toward responsible citizenship and environmental stewardship.

When students in a residential campus practice segregation, composting, and conscious waste disposal every single day, they carry those habits into their homes, communities, and future workplaces.

Morarji Desai Girls Residential School has shown that Zero Waste is achievable, sustainable, and replicable.

Together, we move one step closer toward a cleaner, greener, and waste-free Karnataka.
